

Z-Parts House & Suspension Restoration Parts Company now offers
“Front” Differential Mount Bushing Sets for your Hummer H3!

When your front differential starts making a clunking noise when you let on and off the gas or when going over bumps it time for an upgrade. Our kits consist of top quality polyurethane bushings. Not only do polyurethane bushing tighten up the mounting of your differential they far out last the soft OE rubber bushings. We are proud to say these kits are made right here in the United States!
